

Stitching Wire

(Book Binding Wire)

We can make this in galvanised, copper coated or nylon coated in sizes from 0.40mm up to 1.00mm. We can supply on 2 kilo plastic reels, 3¹/₂ kilo reels, 10 kilo reels, 15 kilo reels plus spools of 100 kilos, 500 kilos and 1000 kilos.

The nylon coated stitching wire enables printers to give their clients colourful alternative designs and also gives the finished product a longer life against corrosion.

Other Products

Bekaert also makes: preformed staple wires, all types of baling wire, paper clip and pin wires, flat and round stitching wire for packaging applications and hundreds of others.
